Po Box 1073  
Hallsville, TX  
903-660-2242

Energy and utility bill services and cash grants are provided to Gregg County residents by the community action agency, usually on a "one-time" only basis. The programs will assist local households with paying for their utility, water, and electric bills. Target client populations of the programs include the elderly/disabled, unemployed, households with children under six years of age, and working low-income families who need a little extra support.  
(903) 758-5674
