Updates	Action Items
	<ul style="list-style-type: none">● SHAC self assessment shows our greatest area of improvement is getting information to the community about the organization.● Secondly, we will implement a “traveling meeting” where SHAC can meet at different times during the day and at the practical meeting site. Our next meeting will be February 10, 2025 at HHS from 11:30-12:30 to encourage HHS students and local business members to attend during their lunch breaks. The last meeting of this school year it set to coincide with the April 21, 2025 HISD board meeting and will begin at 5:30 at the administration building.● Summer enrichment planning phase is brainstorming possible camps. This will likely be for K-6 HISD students and will follow summer school dates and schedules in order to provide transportation and meals for camp students. Approximately half of the summer campers should be low-income. Possible camp themes include: culinary, computer/tech, robotics, ninja/martial arts, video game (Minecraft) & performing arts.
