

HALLSVILLE ISD

PATHWAYS 18+ PROGRAM

ABOUT US

Hallsville ISD's Special Education Department offers a program for students age 18 to 21 years old who have completed graduation requirements and meet the required program criteria. The ultimate goal for this program is to transition out students into life after public school.

Social/Recreational Activities

Vocational Training

Employment Advocacy

Independent Living Skills

Community Access Skills

Transportation

The purpose of transition services is to transition to the adult world of work, education/training, independent living and to transition to community services that provide access to adult environments. Using a bus/van to implement the 18+ services is not a research-based practice, nor does it facilitate transition services. It will be the parent/guardian/student's responsibility to obtain transportation to and from Pathways.

Opportunity Now

Opportunity Now instructors use an advanced curriculum known as Design Your Life to provide emphasis on career-readiness, self-advocacy, post-secondary education training, career exploration and expanded work-based learning experiences.

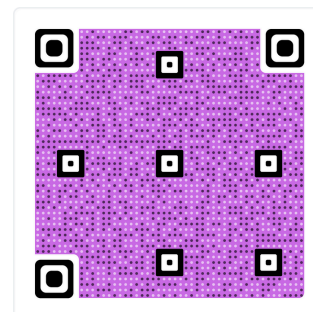

Independent Living

Independent living skills are crucial for successful transition into adulthood. These skills foster confidence and help prepare students for employment and education. Below you will find examples of Independent Living Skills that your student will participate in at Pathways.

- Wash Dishes
- Wiping Counters
- Laundry
- Vacuuming
- Mopping
- Cleaning Bathrooms
- Making Beds
- Cooking
- Grocery Shopping

Job Skills

- Job coaching and job placement through Opportunity Now.
- Coffee Cart Sales
- Volunteering in the community
- Meeting with businesses within our community
- Serve lunch to HISD staff
